REVIEWS

"As a company we are relentlessly pursuing safety and Brad's presentation left an impression that lasts a lifetime. I would highly recommend Brad to any company that wants to take their safety program to the next level."

- Dave Booher, EH&S Manager (PolyOne)

"Our plant has at least two speakers every year and Brad's message was better received than any other message in the 7 years I have worked here!"

- Jeremy Fisher, Safety Manager (Steel Technologies)

THE STORY THAT CAPTURED NATIONAL HEADLINES

Brad Hurtig grew up as a typical student-athlete in a small town in Northwest Ohio. Only days after finishing his sophomore year of high school, a devastating workplace accident resulted in the amputation of both of Brad's hands. Through hard work and determination, Brad soon rejoined his high school football team. In his senior year, Brad led his team with 111 tackles and earned all-state honors - all while playing with no hands. Now Brad is taking his powerful message of workplace safety to businesses and organizations across the country.

THE MESSAGE FOR THE WORKPLACE

Brad delivers a powerful message to employees that combines safety instruction with inspiration. He uses the context of his life-changing workplace accident to speak about the **WHY, WHAT** and **HOW** of safety. Brad's story also will encourage your employees to overcome obstacles and adversity of all kinds. His safety motivation leaves employees feeling empowered and equipped to **"SAFELY FIND A WAY!"**
